

I urge the FCC to reject the NAB's petition 04-160. I support XM's ability to provide the kind of programming that I want and deserve. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. By limiting XM Satellite's 1st amendment rights, they are also limiting my rights. Instead of competing and improving their services, they want the government to protect their businesses by attacking satellite radio. I don't want the federal government dictating what and what I can't listen to on the radio. Thank you for your time, and I hope you will agree that my rights are important, too.
